

Upper Dales Holiday Cottages

Holiday cottage owners...

Do you have a holiday cottage in Upper Wensleydale, Swaledale or Wharfedale or adjoining Dales?

Why not have it listed on Upper Dales Holiday Cottages?

A new brochure website exclusively aimed at promoting holiday cottages exclusively in The Upper Dales – run by a local for locals.

It is not an agency site.

I appreciate the current situation (coronavirus) has frozen the market, but coronavirus is temporary and will eventually diminish and this site is in preparation, looking forward, to when the market returns.

- My offer to you as an initial customer is –
- No set up fee, first 6 months free (after the restrictions are lifted)
- No obligation to continue after the free period.
- The site runs on no commission on bookings and no booking fees on either side
Booking is direct with the owner basis – it is not an agency.
- Included are links to your own website.... and your availability calendar or page... etc.
- After the free first 6 months to remain listed a one off yearly fee of £59 if you wish to continue... or you can cancel without obligation.
- That's 6 months free advertising....

Currently I only need your agreement that you're happy to be listed as no payment will be due for 6 months (after the restrictions are lifted) – and you are welcome to leave after this period without any obligation...

Its aim is to be a "book direct" site – purely advertising your cottage - no commission on bookings – and links to your web site and most booking or availability facilities can be included in your listing as well.

There is facility within the system for multiple cottages to be included for the cost of just one listing - for combination / group cottages that may be booked together to facilitate larger groups.
